CWD MANAGEMENT

fwp.mt.gov/cwd

WHAT IS CHRONIC WASTING DISEASE?

CWD is a progressive, fatal neurological disease that affects deer, elk and moose. It has been present for some years in states and Canadian provinces north, east and south of Montana, but was first found in wild deer in our state in 2017 during FWP's focused CWD surveillance. There is no known case of CWD affecting people, pets, livestock or wildlife other than the deer family. However, the World Health Organization and the Centers for Disease Control and Prevention (CDC) recommend not consuming meat from an animal known to be infected with CWD. The CDC also recommends that hunters have deer tested if they were harvested in areas where CWD is known to be present. **Visit fwp.mt.gov/cwd for more information.**

WHERE IS CWD?

CWD has been found in Montana along the Highline mostly between Highway 2 and Canada and in southcentral Montana south of Billings. See the CWD Management Zones map below. In 2019 FWP will continue to look for CWD by doing intensive sampling in part of Region 7 in southeastern Montana. Hunters who stop at check stations in that area can expect to be asked if FWP can test their harvested animals. Hunters will be informed of the results of their tests.

WHY IS CWD MANAGEMENT IMPORTANT?

- Helps to prevent long-term population decline in infected herds. Some states have seen more than 40% decline in mule deer.
- Decreases prevalence and likelihood of spread.
- Helps slow the decline of wildlife-related recreation opportunities.
- Controls potential declines in property value.
- CWD has broader impacts to Montana's hunting and outdoor legacy.

DON'T SPREAD CWD

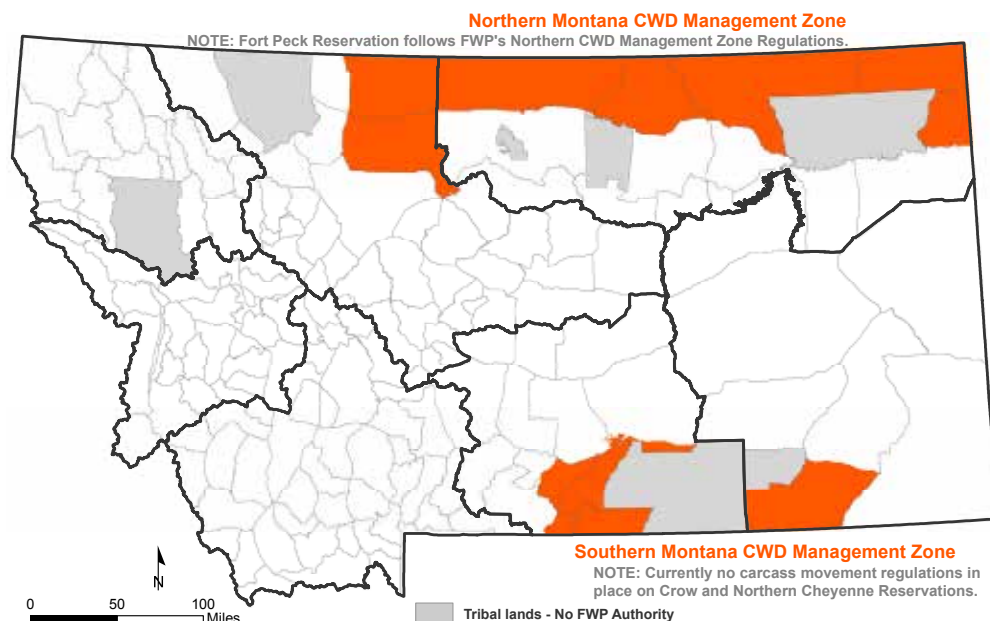

To Montana from other states

It is unlawful to transport into Montana a whole carcass, whole head, brain or spinal column from deer, elk or moose from states or Canadian provinces that have experienced CWD. Those states and provinces include Arkansas, Colorado, Illinois, Iowa, Kansas, Maryland, Michigan, Minnesota, Missouri, Nebraska, New Mexico, New York, North Dakota, Ohio, Oklahoma, Pennsylvania, South Dakota, Texas, Utah, Virginia, West Virginia, Wisconsin, Wyoming, Alberta and Saskatchewan. Keep in mind that "evidence of sex requirements" must always be met when transporting any of these parts into Montana.

• It is unlawful to use or sell deer or elk urine to mask human odor if the urine originated in any of the CWD-positive states or provinces listed above, unless the urine originated in a facility that is CWD-free as determined by the Fish and Wildlife Commission. Facilities certified by the Archery Trade Association meet these criteria.

To other states from Montana

Other states and Canadian provinces prohibit the import of certain deer, elk or moose parts from Montana. They are Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Iowa, Florida, Georgia, Idaho, Illinois, Indiana, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Mexico, New York, North Carolina, North Dakota, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, Wyoming, Alberta, British Columbia, Manitoba, Nova Scotia, Northwest Territories, Ontario, Quebec and Yukon. Questions concerning carcass transport may be directed to your home state's wildlife division or to FWP's enforcement division at (406) 444-2452.

Animal parts that CAN be removed from the CWD Management Zone include:

- Cut and wrapped meat or meat separated from the bone.
- Hides with no heads attached.
- Quarters or other parts with no spine or head attached.
- Skull plates, antlers or clean skulls with no flesh or tissue.

Don't Spread CWD Within Montana

Current Montana CWD Management Zones for 2019

To prevent the spread of CWD from areas in Montana known to be infected to other parts of the state, **the whole carcass, whole head, brain or spinal column from any deer, elk or moose harvested within a CWD Management Zone may not be removed from that Management Zone unless the animal has tested negative for CWD.**

Northern Montana CWD Management Zone - Hunting Districts 400, 401, 600, 611, 640, 641 and 670 including the communities of Shelby, Havre, Malta, Glasgow and other that are on the defined boundaries.

Southern Montana CWD Management Zone - Hunting Districts 502 and 510, that portion of HD 520 east of Hwy 212, that portion of HD 575 north and east of Hwy 78, that portion of HD 590 south of Interstate 90, that portion of HD 704 south of Hwy 212, including the communities of Billings, Broadus and others that are on the defined boundaries.

Highlights

- The 2019 Moose/Sheep/Goat Regulations features new organization and formatting for better flow and clarity.
- Legal Descriptions will be published in a separate booklet.
- Reopening the Hyalite Bighorn Sheep Hunting District 304.
- Hunters harvesting a bighorn ram in hunting district 482 must have their ram checked within Region 4.
- Mountain goat district in the north Big Belt Mountains – HD 350.
- In Regions 1, 2, and 4 it is unlawful to take a female mountain goat accompanying a kid or a female in a group that contains one or more kids – see page 41.

Reminders for 2019

- A Base Hunting License is a required prerequisite for hunting. The cost is \$10 for residents and \$15 for nonresidents.
- Special Considerations for Youth and Hunters with a Disability page 12.

Regulations are adopted by the Fish & Wildlife Commission

Regulations for season dates, structures, and restrictions were adopted by the F&W Commission on February 13, 2019, under the authority granted in MCA 87-1-301 and are valid March 1, 2019, through February 29, 2020. The F&W Commission reserves the authority to amend the seasons, limits and regulations herein if deemed necessary for wildlife management purposes. Statutes and other information, including other agencies' restrictions, are provided as a courtesy and do not fall under Commission authority. *Martha Williams, Director.*

Discrimination Prohibited – State and Federal laws, Title VI of Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and Title IX of the Education Amendments of 1972, prohibit discrimination on the basis of race, color, sex, age, religion, national origin, or disability. Anyone believing he or she has been discriminated against (as described above) in any FWP program, activity, or facility may write to FWP Human Resources, 1420 East Sixth Avenue, PO Box 200701, Helena, MT 59620-0701 or the office of Equal Opportunity, U.S. Department of the Interior, Washington, D.C. 20240.

How To Use These Regulations

Montana's vast 147,164 square miles is divided into seven administrative regions, each with a main regional office. Each region is then broken down into hunting districts. The regions are numbered 1 through 7 with the hunting districts in the region corresponding to that number. Example: Region 1 hunting districts start with 1 or 001, Region 2 starts with 2 or 002 etc.

Obtain A License Or Permit

- Only one license or permit of any type may be purchased each year, unless otherwise specified and allowed in the regulations, such as a hunter may purchase more than one Deer B license.
- Many licenses or permits may be purchased from license providers or online licensing. Some licenses and permits are available only through a special drawing.
- Refer to the Licenses Available Chart for a complete list of resident and nonresident licenses and application or purchase deadlines.

Online Licensing

- FWP encourages hunters to apply online for permits/licenses awarded through a drawing as there are safeguards that will not accept incomplete applications. Also, your information is retained for future purchases or license applications.
- You may apply for permits and/or licenses and purchase many general hunting licenses from FWP Online Licensing between approximately 5:00a.m. and 11:45p.m., Montana local time, 7 days a week within applicable sales dates.
- Go to app.mt.gov/als/index/index.html and follow the instructions.
- Online purchases must be made by using a MasterCard, Visa, American Express or debit card.
- Montana residents must have purchased a Conservation License through the automated licensing system (ALS) in a previous license year and have an ALS number to buy licenses online.
- Don't wait until the last minute to buy your hunting license online as carcass tags are mailed to you and may take up to 10 days to process and arrive.
- All license purchases and applications are final and cannot be changed or withdrawn. (MCA 87-6-102)

Residency (MCA 87-6-302)

- It is unlawful to swear to or to affirm a false statement in order to obtain an original or duplicate resident hunting and/or fishing license OR to assist an unqualified applicant in obtaining a resident license.

Resident

- To be a legal Montana resident and eligible to purchase any Montana resident fishing, hunting, and trapping licenses, as per MCA 87-2-102, you must:
 - have been physically living in Montana for at least 180 consecutive days immediately prior to purchasing a resident license;
 - register your vehicle(s) in Montana;
 - be registered to vote in Montana if you're registered to vote at all;

- not possess (or have applied for) any current resident hunting, fishing, or trapping privileges in another state or country;
- file Montana state income tax returns as a resident, if you are required to file.
- Once you have established your residency, you must continue to meet all these requirements and physically reside in Montana as your principal or primary place of abode for not less than 120 days per year (days need not be consecutive).
- A person is NOT considered a resident for the purposes of this section if the person:
 - claims residence in any other state or country for any purpose; or
 - is an absentee property owner paying property tax on property in Montana.
- To purchase an annual resident Conservation License you will be required to show a valid Montana Driver's License (MDL), a valid Montana Identification Card (MIC) or a valid Tribal Identification Card.
- If your MDL or MIC was issued less than six months ago, you may be required to show additional proof of residency. An out-of-state driver's license is NOT an acceptable form of ID for resident license purchases. Contact your local FWP office for specifics.

Nonresident (MCA 87-2-506)

- Montana's nonresident guests are eligible to purchase or apply for most Montana fishing, hunting, and trapping licenses. By state law, nonresidents are limited to, but not guaranteed, 10 percent of the special license and/or permit quota for a district. The Licenses Available Chart provides details.
- Nonresident unmarried minors, at least 12 but not older than 17 years of age, can hunt and fish in Montana as a resident if the minor's parents, legal guardian, or parent with joint custody, sole custody, or visitation rights is a legal resident of Montana.

Armed Forces (MCA 87-2-102)

- A member of the regular armed forces of the United States, a member's spouse or dependent who resides in the member's household, or a member of the armed forces of a foreign government attached to the regular armed forces of the United States is considered a resident for Montana hunting, fishing and trapping licenses if:
 - the member was a resident of Montana under the provisions listed under residency and continues to meet these residency criteria; or
 - the member is currently stationed in and assigned to active duty in Montana, has resided in Montana for at least 30 days, and presents official assignment orders and a certificate verifying successful completion of an approved hunter safety course from any state or province.

Prerequisites

Aquatic Invasive Species Prevention

Pass (AISPP) (MCA 87-2-130)

Required in addition to a fishing license. Supports the Aquatic Invasive Species Prevention and Inspection Program. Learn more at: CleanDrainDryMT.com

Base Hunting License (MCA 87-2-116)

This is an annual fee and will be charged at the time the hunter purchases or applies for his/her first hunting license (including upland and migratory bird). This license includes the hunting access enhancement fee.

Conservation License (MCA 98-2-201)

- Each license year, a new Conservation License is required to purchase any fishing, trapping or hunting license(s), or to apply for special licenses/permits. The Montana license year begins on March 1 and runs through the last day of February of the following year.
- In compliance with the Federal Welfare Reform Laws, Montana law requires each resident and nonresident hunter, including youth, to provide the last four digits of his/her Social Security number when purchasing a Conservation License or obtaining a Conservation License through a drawing.

Hunter Education (MCA 87-2-105)

Hunter Education Requirements

- If you were born after January 1, 1985, you are required to show proof of completing a Montana hunter safety and education course or an approved hunter safety course from any other state or province prior to applying for or purchasing a hunting license, whether the hunting license is for the rifle or archery season.

Bow and Arrow License Requirements (MCA 87-2-708)

- A Bow and Arrow License, plus the proper hunting license is required during the bighorn sheep Archery Only Season.

Bowhunter Education Requirements

- To purchase a Montana Bow and Arrow License, a hunter must:
 - Provide a certificate of completing the National Bowhunter Education Foundation course, or
 - Provide any prior year's bowhunting/archery stamp, tag, permit, or license from any state or province.

Duplicate Certificates

Bowhunter or hunter education certificates of completion for the Montana hunter education and/or bowhunter education courses may be obtained from FWP's website at: fwp.mt.gov/education/hunter

License Types

Conservation License

Prerequisite for all resident and nonresident licenses. It includes the state lands recreation license which is required for hunting, fishing and trapping purposes on State School Trust Lands.

General License

There are no general licenses available for moose, sheep or goat. Resident general licenses for other species may be purchased from any FWP License Provider or online at fwp.mt.gov. They are available to all residents and may be used throughout the state according to the regulations. Nonresidents may apply for/purchase certain general licenses specified for nonresidents in the Licenses Available Chart. Please refer to the hunting district regulations to see how, when and where a general license may be used in each hunting district or portion of a hunting district.

Hunting License

- A hunting license authorizes the holder to hunt the species identified on the license according to the regulations.
- Some licenses are valid only in a portion or portions of a hunting district. Carefully review the legal description of the district for which you are applying. A copy of the "portion of district" legal description is available: online at fwp.mt.gov, click on "hunt planner"; OR by mail from the FWP Wildlife Division, PO Box 200701, Helena, MT 59620-0701, or email fwpwild@mt.gov.

Replacement License (MCA 87-2-104)

Replacements of lost, stolen, or destroyed licenses or permits may be purchased at FWP offices or FWP License Providers. A second replacement license for the same species within a two-year period may only be purchased at an FWP office. A person may not replace a license requiring a carcass tag a third time for the same species within a two-year period unless they have received approval from a warden at an FWP office. A fee of \$5 per license will be charged for each replacement license.

It is unlawful to:

- Swear or affirm to a false statement in order to obtain a replacement license.
- Possess an original as well as a replacement license(s). If the original is found, it must be returned to FWP at any regional office.
- Allow a license of any type to be used by another person.

Special License

- A special license is generally available through the special drawing process. It allows you to hunt in an otherwise restricted area, time period or for a restricted species, usually for a specific sex and age class of animal.

Unlimited Bighorn Sheep Over-the-Counter License

- Certain bighorn sheep hunting districts have unlimited (one per hunter) licenses available for purchase over-the-counter or via a special drawing. Those hunting districts with unlimited license opportunities have limited sheep harvest quotas of two legal rams per district. Once the quota is approached, or met, the district will close upon 48 hours notice.
- The license purchase deadline is May 1.
- If you purchase an unlimited over-the-counter license, you cannot apply for the same species through the special drawing process.

SuperTag Lottery (MCA 87-1-271)

Open to residents and nonresidents.

**Deadline to Purchase
SuperTag Chances
(\$5 each)
July 1**

- Resident and nonresident hunters can buy an unlimited number of \$5 chances to win a Montana hunting license for antelope, bighorn sheep, bison, deer, elk, moose, mountain goat and mountain lion.
- An individual may be successful in winning one or a combination of these SuperTags per year.
- Each SuperTag license allows one to hunt in any Montana hunting district valid for that species.
- Moose, bighorn sheep and mountain goat 7-year waiting period does not apply to SuperTags.
- Chances are sold electronically at all FWP License Providers or via the online licensing system at fwp.mt.gov.
- Proceeds from the sale of SuperTag chances will enhance public hunting access and boost FWP enforcement efforts.

Availability of Licenses & Permits

You can purchase your fishing license, hunting licenses(s) and apply for special drawings online
app.mt.gov/Als/Index

Drawing Applications and Deadlines

- Resident moose, bighorn sheep and mountain goat (MSG) applications are available at FWP License Providers or may be downloaded from the FWP website at fwp.mt.gov.

- Nonresidents may download a MSG application from the FWP website or may call 406-444-2950 to request a MSG application through the mail.
- FWP encourages hunters to apply for special permits/licenses online because safeguards will not accept incomplete applications. Also, your information is retained for future purchases or license applications.
- You may enter your application online, have it entered directly into the system at an FWP office, or you may mail in your application. If the MSG application is mailed, it must be postmarked on or before May 1. The postmark must be an official U.S. Postal Service mark. A postage meter postmark cannot be accepted. Online applications must be submitted by approximately 11:45 p.m. (MDT) on May 1.
- Both resident and nonresident hunters are eligible to apply for most of the licenses awarded through the special drawings. By state law, nonresidents are limited to, but not guaranteed, 10 percent of the special license and/or permit quota.
- Drawings are based upon the final quotas adopted by the F&W Commission, which may differ from the quotas listed in the hunting district regulations.
- For specific license/permit opportunities, please refer to the hunting district (HD) regulations where you will find a complete listing of all available hunting opportunities for each HD.

Bonus Points (MCA 87-2-117)

Bonus Points can increase your chances to draw a license or permit.

- Bonus points essentially offer you additional drawing chances and are used for first choice drawings only.
- Existing bonus points will be mathematically "squared" prior to the drawing. That means if you already have 3 "base" bonus points those will be "squared" and you'll then have 9 bonus points going into the drawing.
- If you wish to participate in the Bonus Point program (to use or gain points), make sure to check "YES" on the Bonus Point question and include the \$20 (nonresident) or \$2 (resident) Bonus Point fee for each license/permit type drawing applied for.
- If you're unsuccessful, you'll be awarded an additional base bonus point for next year's drawing.
- Bonus points are nontransferable; they cannot be transferred between the species drawings or individuals.
- The base bonus points for party applications are the average of their individual base bonus points added together and rounded to the nearest whole number.

Fees and Refunds

- In addition to the cost of each moose, bighorn sheep or mountain goat permit or license, there is a \$10 resident or \$50 nonresident nonrefundable application fee for each license or permit you apply for.
- In some situations, FWP may refund resident or nonresident – in full or in part – fees for licenses and/or special drawings.
 - The appropriate documentation (death certificate, medical statement, etc.) must accompany the unused license(s) and a signed request form certifying the license(s) has not been used. Nonresident license holders should call 406-444-2950 for information.

Reason	Deadline	Refund
Death of licensee	12/31/19	100%
Death of immediate family member	12/31/19	90%
Medical emergency	12/31/19	90%

- For applications, detailed eligibility requirements, and information on licenses and permits for hunters with disabilities, contact any FWP office or check the FWP website at: fwp.mt.gov

Hunters with a Disability

Resident With a Disability Conservation License (MCA 87-2-803)

- Certification for “special considerations” are lifetime certifications and do not need to be renewed annually.
- For applications, detailed eligibility requirements, and information on licenses and permits for hunters with disabilities contact any FWP office. See contacts on page 42.

Permit To Hunt From a Vehicle (PTHFV) (MCA 87-2-803)

- Residents and nonresidents certified as permanently and substantially nonambulatory, as defined by State Law, may apply for a PTHFV.
- Specific PTHFV field regulations apply. A copy of these regulations will be provided at the time of certification. Noncompliance may result in loss of this privilege.

Permit To Modify Archery Equipment (PTMAE)

- Residents and nonresidents certified as permanently and substantially disabled, as defined by FWP rules, may apply for a PTMAE. The PTMAE allows a person with a disability to use archery tackle that supports the bow, and draws, holds, and releases the string to accommodate the individual disability.
- Arrows are not exempt, and must meet requirements for the Archery Only Season.
- This permit does not entitle the holder to use a crossbow during the Archery Only Season.

- The permit only allows modification of legal archery tackle and must be used with a valid Bow and Arrow License and appropriate hunting license.

Certain Combat Disabled Veterans (MCA 87-2-817)

- A veteran with certain combat-connected injuries may be entitled to half-priced licenses for deer and antelope. Up to 50 licenses will be issued annually. Contact FWP Licensing for details at 406-444-2950.

Youth Considerations

Youth and Apprentice Hunters:

- A Youth Hunter is a resident or nonresident 12-17 years of age, or who will reach 12 years of age by January 16, 2020, who has successfully completed hunter education. A Youth Hunter may hunt any game species except spring turkey and spring black bear for which their license is valid, after August 15 of the 2019 license year. Proof of hunter education must be presented at the time of license purchase.
- An Apprentice Hunter is a resident or nonresident 10 years of age or older who may or may not have completed hunter education but is certified at an FWP office. This allows the apprentice to hunt some species, while accompanied by a mentor, without first completing a hunter education course. The Apprentice may not purchase a mountain lion, black bear or wolf license or apply for a bighorn sheep license or a hunting license or permit with a limited quota. The Apprentice Hunter may not purchase an elk license if he/she is under 15 years of age. Other restrictions apply. See our website for details at fwp.mt.gov/hunting/licenses/all/apprenticeHunter/default.html.

Common Sense Precautions When Field-Dressing Game Animals

- It is wise to review the proper ways to handle wild meat:
 - Wear rubber (latex) gloves when field dressing game.
 - Minimize contact with animal fluids and brain and spinal tissues.
 - Wash hands and instruments thoroughly after field dressing or processing.
- Cook all meat until well done before consuming.

LAWS & RULES

- Statute denoted by MCA.
- Commission Rule denoted by CR.

These regulations contain information to safely and lawfully participate in Montana's Antelope, Deer, and Elk hunting opportunities.

Hunters who hunt lawfully and responsibly keep Montana's hunting traditions alive.

Don't risk losing the privilege of hunting in Montana.

Be Safe
Be Lawful
Be Responsible!

Aerial Spotting (MCA 87-6-208)

- It is unlawful for a person to shoot a game animal from an aircraft.
- It is unlawful for a person to use an aircraft for the purpose of concentrating, pursuing, driving, rallying, or stirring up any game animal.
- Aircraft may not be used to locate game animals for the purpose of
 - hunting those animals during the same hunting day after a person has been airborne or
 - providing information for another person for the purpose of hunting those animals within the same hunting day after being airborne.

Antler/Horn/Skull Possession (MCA 87-6-202, CR)

Individuals may possess, transport, sell, or purchase naturally shed antlers, or the antlers with a skull or portion of a skull attached from a game animal that has died from natural causes and that has not been unlawfully killed. Carcasses and parts of elk, deer, antelope and moose killed in vehicular collisions may be taken and possessed but only with a Vehicle-Killed Wildlife Salvage Permit. No other game animals may be salvaged by this permit. **It is unlawful to possess a bighorn sheep head/horn picked up in the wild.**

Archery Equipment (MCA 87-6-401, CR)

- It is unlawful to use any chemical or explosive device attached to an arrow to aid in the taking of game animals.
- The following criteria define Archery Equipment. It is unlawful to possess, while hunting game during any Archery Only Season and in Archery Equipment Only areas, archery equipment that does not meet the following criteria:

Hunting Bow: A hunting bow for game animals shall be a longbow, flatbow, recurve bow, compound bow, or any combination of these designs.

- The bow must be a device for launching an arrow, which derives its propulsive energy solely from the bending and recovery of two limbs (includes bows with split limbs).
- The bow must be hand-drawn by a single and direct uninterrupted pulling action of the shooter. The bowstring must be moved from brace height to the full draw position by the muscle power of the shooter's body. The energy used to propel the arrow shall not be derived from any other source such as hydraulic, pneumatic, mechanical, or similar devices. These limitations shall not exclude the mechanical leverage advantage provided by eccentric wheels or cams, so long as the available energy stored in the bent limbs of the bow is the sole result of a single, continuous, and direct pulling effort by the shooter.
- The bow must be hand-held. One hand shall hold the bow, and the other hand draw the bowstring. The bowstring must be moved and/or held at all points in the draw cycle entirely by muscle power of the shooter until release. The bowstring must be released as a direct and conscious action of the shooter, either relaxing the tension of the fingers or triggering the release action of a hand-held release aid.

Exception: Physically disabled bowhunters certified by FWP with the Permit To Modify Archery Equipment (PTMAE) are exempted from the requirement of holding or shooting the bow with their hands.

- > A bow is considered lawful if it is at least 28 inches in total length.
- > The nominal percent of let-off for hunting bows shall be a maximum of 80 percent as advertised by the manufacturer.

Arrow: An arrow is a projectile at least 20 inches in overall length. The length of the arrow is measured from the rearward point of the nock to the tip of the broadhead.

- A broadhead is mounted on the fore end.
- The arrow shall weigh no less than 300 grains with the broadhead attached.

- Arrows must have broadheads with at least two cutting edges and be at least 7/8 inches at the widest point. Expandable broadheads are lawful as long as when expanded they are at least 7/8 inches at the widest point, and weigh no less than 70 grains.

- The following are not considered a hunting bow or lawful archery equipment during the Archery Only Season or in an Archery Equipment Only area or hunting district:

- Crossbow.
- Any device with a gun-type stock or incorporating any device or mechanism that holds the bowstring at partial or full draw without the shooter's muscle power.
- Any bow for which a portion of the bow's riser (handle) or any track, trough, channel, or other device that attaches directly to the bow's riser contacts, supports, and/or guides the arrow from a point rearward of the bow's brace height. This is not intended to restrict the use of standard overdraw systems.
- Electronic or battery-powered devices attached to a hunting bow or arrow.
- A bow sight or arrow that uses artificial light, luminous chemicals such as tritium, or electronics. **Exception:** Lighted nocks are allowed. Camera devices attached to bows for the purpose of filming is allowed.

Artificial Light (MCA 87-6-401)

It is unlawful for anyone to take or attempt to take any game animal or game bird with the aid of projected artificial light. Use of rifle scopes that project an artificial light to illuminate the target or project infra-red light visible only with specialized optics to illuminate the target are unlawful for the taking of game animals.

Baiting (MCA 87-6-401, CR)

- It is unlawful for anyone to hunt or attempt to hunt by the aid of or with the use of any bait, salt lick, trap, snare or set gun.
- Baiting shall mean the placing, exposing, depositing, distributing, or scattering of food sources or salt so as to constitute a lure or attraction.

Check Stations (MCA 87-6-218)

All hunters are required by law to stop as directed at all designated check stations on their way to and from hunting areas, even if they have no game to be checked.

Dogs (MCA 87-6-404)

It is unlawful for a person to use dogs to chase game animals. Dogs may be utilized to recover or locate wounded game animals but handlers shall maintain physical control of the dog at all times by means of a maximum 50-foot lead attached to the dog's collar or harness.

Evidence Required of Game Animal's Sex (MCA 87-6-406)

- It is unlawful to destroy evidence of the sex of a game animal so as to make the determination of the sex of the game animal uncertain.
- FWP recommends proof of sex accompany the carcass from the field to the point of processing.

Firearms

- Firearms, including rifles, handguns, shotguns with 0, 00, or slugs, and muzzleloaders; archery equipment; and crossbows are lawful for taking game animals. All other methods of take are prohibited.
- There is no rifle or handgun caliber limitation or magazine/round capacity restrictions for the taking of game animals.
- Rifle scopes with illuminated reticles, built-in range finding capabilities, and "red dot" scopes are lawful for the taking of game animals.

Furbearer Traps (MCA 87-6-601)

It is unlawful to disturb traps or trapped animals. Traps and trapped animals are the property of the trap owner.

- Hunters may not shoot trapped animals.

Glandular Scents (CR)

- Natural or artificial glandular scents may be used by licensed hunters to attract game animals by spraying or pouring the scent on the ground or other objects.
Exception: Natural or artificial glandular scents may not be used to hunt black bears.
- Hunters may not create a scent station where the scent continues to be dispensed without the hunter's direct action, such as an automatic device, which drips or otherwise continues to dispense scent.
- No scents other than glandular may be used for attracting game animals, but other scents may be used to mask human odor.

Hunter Harassment (MCA 87-6-215)

It is unlawful to:

- Intentionally interfere with the lawful taking of a wild animal.
- Disturb an individual engaged in the lawful taking of a wild animal with intent to prevent the taking of the animal.

Hunter Orange Requirement (MCA 87-6-414)

Firearm Hunters

Any person hunting or accompanying a hunter as an outfitter or guide must wear a minimum of 400 square inches of hunter orange (fluorescent) material above the waist, visible at all times (see the following exception).

Archery Hunters

A licensed bowhunter pursuing deer, elk and/or antelope during the Archery Only Season or in an archery only hunting district is not required to meet the hunter orange requirement, even if there is a concurrent firearm season in that hunting district or portion of district. However, bowhunters hunting during any portion of the general (firearm) season for deer, elk, antelope, moose, bighorn sheep, mountain goat, black bear, and/or mountain lion must always wear a minimum of 400 square inches of hunter orange (fluorescent) above the waist, visible at all times.

Hunting Hours (CR)

Authorized hunting hours for the taking of game animals begin one-half hour before sunrise and end one-half hour after sunset each day of the hunting season. See the official Sunrise-Sunset Tables listed on page 47.

Incidental Harvest Resulting in an Unlawfully Taken Animal

If you or a member of your hunting party shoots an animal that results in an unlawfully taken animal, you should notify an FWP game warden or 1-800-TIP-MONT (1-800-847-6668) immediately and follow their instructions.

> Hunters should field dress the animal but DO NOT transport the animal until you've received instructions.

Inspection of Wildlife (MCA 87-1-502)

Wildlife taken must be shown to FWP Enforcement personnel for inspection when requested.

Interstate Wildlife Violator Compact (IWVC)

Montana is a member of the IWVC. Under the compact, member states recognize suspensions of hunting, fishing or trapping privileges. It is unlawful for a violator whose privilege to hunt, fish or trap is suspended to obtain or attempt to obtain a license, tag or permit in a member state. For more information, call 406-444-2452.

Kill Site Verification (CR)

As a condition of hunting in Montana, if requested to do so by an FWP warden, you are required to return to the kill site.

License and Permit Possession/Use (MCA 87-6-304)

It is unlawful to:

- Hunt or attempt to hunt for any game animal unless the person is carrying the required license or permit at the time.
- Refuse to produce a license or permit and the identification used in purchasing a license or permit for inspection to a game warden.

- Alter or change a license in any material manner.
- Loan or transfer any license to another person.
- Use a license issued to another person.
- Attach the person's license to a game animal killed by another person.
- Have physical control over a valid and unused hunting license or permit issued to another person while in any location that the species to be hunted may inhabit. This prohibition does not apply to a person who is carrying or has physical control over a license or permit issued to that person's spouse or to any minor when the spouse or minor is hunting with that person.

License Validation/Tagging (MCA 87-6-411)

- A hunter must cut out the proper month and day of the kill from the appropriate license and attach it to the animal before the carcass is removed from the site of the kill, or before the hunter leaves the site of the kill.
- To properly validate a license (sometimes referred to as a tag):

- The triangles denoting the month and day the animal was killed must be completely cut out and removed.
- The properly validated license must remain with the meat (including cold storage) until consumed.

Littering (MCA 75-10-212)

A holder of a Montana resident or nonresident hunting license or camping permit convicted of littering campgrounds, public or private lands, streams, or lakes, while hunting, fishing, or camping shall forfeit any current Montana hunting, fishing, or trapping license and the privilege to hunt, fish, camp, or trap in Montana for a period of one year.

Marked or Radio-Collared Animals (CR)

It is lawful to shoot game animals that have radio collars, neck bands, ear tags and/or other markers, but markers and radio collars must be returned to FWP. Please report the killing of a marked animal to the local FWP Office.

Motion-Tracking Devices (MCA 87-6-401)

It is unlawful for a person, while hunting, to possess any electronic motion-tracking device or mechanism that is designed to track the motion of a game animal and relay information on the animal's movement to the hunter.

Motion tracking devices are defined by F&W Commission as remote operated camera or video devices capable of transmitting real time information, pictures or videos; seismic devices; thermal imaging devices; and satellite and radio telemetry devices.

A radio-tracking collar attached to a dog that is used by a hunter engaged in lawful hunting activities is not considered an unlawful motion-tracking device.

Motorized Vehicles (MCA 87-6-405)

It is unlawful for anyone to:

- Hunt or attempt to hunt any game animal from any self-propelled (motorized) or drawn vehicle. To be lawful, a hunter must have two feet on the ground and his/her body outside of the vehicle. Holders of the Permit To Hunt From A Vehicle (PTHFV) are the exception to this.
- Use a motorized vehicle or aircraft to concentrate, drive, rally, stir-up, corral, or harass game animals.
- Operate, on public lands, a motorized wheeled vehicle off lawful routes (including game retrieval). All federally approved travel plans on public lands in Montana have been adopted by the F&W Commission. Contact the appropriate land management agencies for travel plan information.
- Use a motor-driven vehicle on a road or trail on state land if that road or trail is posted as closed by the land management agency. This restriction applies only to state land and not to federal land.
- Use a motor-driven vehicle other than on a road or trail designated for travel by a landowner unless permission has been given by that landowner.
- Use a powerboat, sailboat, or any boat under sail or any floating device towed by a powerboat, sailboat, or any boat under sail for the purpose of killing, capturing, taking, pursuing, concentrating, driving, or stirring up any game animal.

Night Vision Equipment and Thermal Imaging Equipment

Enhanced penalties apply for use of night vision equipment to unlawfully take a game animal.

Off-Highway Vehicles (OHVs)

Residents – OHVs (ATV, UTV, dirtbike) must be registered and display a current

Off-Highway decal to be used for off-road recreation on public lands (trails, frozen lakes, reservoirs). To be used on roads (county, Forest Service, etc.), an OHV must have a license plate and street-lawful modifications. Register your OHV with the county treasurer.

Nonresidents – OHVs from another state must purchase a nonresident permit to operate (anywhere) in Montana. Idaho and North Dakota residents are exempt. Permits are good for one calendar year, cost \$27, and can be purchased from local vendors (stateparks.mt.gov/recreation/ohvProgram.html, OHV Permit and Laws), at FWP offices or online at app.mt.gov/als. Contact Montana State Parks OHV Program at 406-444-3753 or smcarthur@mt.gov with questions.

Outfitters and Guides (MCA 37-47-301)

A person may not act as an outfitter or guide or advertise or otherwise represent to the public that the person is an outfitter or guide without first securing a license.

- It is unlawful to engage in outfitting/guiding while not licensed.
- It is unlawful to hire an outfitter or guide not licensed by the Department of Labor and Industry. For information, call 406-841-2300.

Predators and Nongame Hunting

Predators and nongame species can be hunted in Montana year-round without a license by both resident and nonresident hunters. A Conservation License, or a State School Trust lands recreational use license is required to hunt predators and nongame species on State School Trust lands. Permission must be obtained to hunt predators and nongame species on private land.

- **Predators** are classified as coyote, weasel, (striped) skunk, and civet cat (spotted skunk).
- **Nongame species** are defined as any wild animal not otherwise lawfully classified by statute or regulation in Montana. Examples include badger, raccoon, red fox, hares, rabbits, ground squirrels, marmots, tree squirrels, porcupines, and prairie dog.
- **Furbearers** are protected game species that may only be taken by residents with a valid Trapping License during prescribed open seasons. State classified furbearers include beaver, otter, muskrat, mink, marten, fisher, wolverine, bobcat, lynx, and swift fox.
- **Feral swine** cause extensive damage to domestic and native habitats, wildlife, and livestock throughout much of the United States. To prevent the introduction of feral swine into Montana, the 2015 Legislature prohibited the transportation, possession, and hunting of feral swine.

If you see or know of any feral swine in Montana, please contact the Montana Department of Livestock at 406-444-2976.

Private Property (MCA 87-6-415)

A resident or nonresident shall obtain permission of the landowner, the lessee, or their agents before taking or attempting to take game animals, migratory game birds, nongame wildlife, predatory animals, upland game birds, or wolves while hunting on private property.

- Even if the land is not posted, hunters must have permission from the land owner, lessee, or their agent before hunting on private property, regardless of whether the land is posted or not.
- Access to public land through private land requires permission of the private land owner, lessee, or their agent.
- Retrieval of all wildlife through private land requires permission of the private landowner, lessee, or their agent.

Public Roadways (MCA 87-6-403)

It is unlawful for anyone to hunt or attempt to hunt any game animal: on, from, or across any public highway or the shoulder, berm, barrow pit or right-of-way of any public highway (the entire width between the boundary lines of every publicly maintained way when any part thereof is open to the use of the public for purposes of vehicular travel).

Recorded Animal Sounds (MCA 87-6-401)

It is unlawful to use any recorded or electrically amplified bird or animal calls or sounds or imitations of bird or animal calls or sounds to assist in the hunting, taking, killing or capturing of any wildlife except predatory animals, wolves, and those birds not protected by state or federal law.

Restitution for Unlawfully Taken Wildlife (MCA 87-6-906, CR)

Under Montana law, a person convicted, or who was charged and forfeited bond or bail, of unlawfully killing, taking, or possessing game animals shall reimburse the state. The law sets the amount of restitution for a trophy animal under Montana law as:

Bighorn Sheep	\$30,000
Elk	\$8,000
Antlered Deer	\$8,000
Moose	\$6,000
Mountain Goat	\$6,000
Antelope	\$2,000
Grizzly Bear*	\$8,000

*no authorized hunting season

- The law specifically outlines minimum standards for a trophy under this regulation, but authorizes the F&W Commission to adopt more specific criteria.

- For the purpose of assessing restitution for unlawfully taken trophy wildlife under Montana law, the following are considered “trophy” animals:

- **Antelope:** With at least one horn greater than 14 inches in length, as measured along the outside curve from base to tip.

- **Elk:** Must meet all three criteria:

1) at least six points on one antler, 2) a main beam length on each antler of at least 43 inches, and 3) an inside spread of at least 36 inches.

OR

Any elk with at least one six-point antler and having a gross/green Boone & Crockett score of 320 points or greater.

- **Mule Deer:** Must meet all three criteria:

1) at least four points on one antler (excluding brow tine), 2) a main beam length on each side of at least 21 inches, and 3) a greatest inside spread across the main beams of at least 20 inches.

OR

Any mule deer with at least one four-point antler and having a gross/green Boone & Crockett score of 160 points or greater.

- **White-tailed Deer:** Must meet all three criteria:

1) at least four points on one antler (excluding brow tine), 2) a main beam length on each side of at least 20 inches, and 3) a greatest inside spread across the main beams of at least 16 inches.

OR

Any white-tailed deer with at least one four-point antler and having a gross/green Boone & Crockett score of 140 points or greater.

- A “point” as defined in these regulations is at least four inches long for elk and at least one inch long for deer, measured from base to tip. Boone & Crockett (B&C) measuring procedures or standards are used for criteria measurement. The official measurements for the purpose of this regulation are those that are taken at the time of confiscation or seizure of the trophy. Any B&C measurements will be considered final when taken by an official B&C scorer, regardless of drying time. If the skullcap of antlers or horns is broken in such a manner to render an official B&C score invalid, three official B&C scorers will estimate a score. The three scores will be averaged and the average score used to determine trophy status in accordance with Montana law.

Sale of Game Animals (MCA 87-6-206)

A person may not purposely or knowingly sell, purchase, or exchange all or part of any game fish, bird, game animals, or fur-bearing animals, except that a person may sell, purchase, or exchange:

- hides, heads, or mounts of game fish, birds, game animals, or fur-bearing animals that have been lawfully killed, captured, or taken, except that the sale or purchase of a hide, head, or mount of a grizzly bear is prohibited, except as provided by federal law.

- naturally shed antlers or the antlers with a skull or portion of a skull attached from a game animal that has died from natural causes and that has not been unlawfully killed, captured, or taken or accidentally killed; for additional exceptions, see 87-6-206 MCA. Sale of meat is not allowed.

Simulated Wildlife (MCA 87-6-217)

It is unlawful to discharge a firearm or other hunting implement at a simulated wildlife decoy in violation of any state statute, ARM, or F&W Commission rule regulating the hunting of the wildlife being simulated.

Transport of Wildlife

- An individual other than the license holder may transport lawfully taken, properly tagged game animals that comply with the “Evidence of Sex Requirements.”

- It is unlawful to ship, possess, transport, or take out of state unlawfully killed game animals.

- It is a violation of the Federal Lacey Act to transport an unlawfully taken game animal across state boundaries.

- If you are transporting lawfully taken wildlife (including parts and/or products of live or dead animals) between the United States and any foreign country, you must complete a U.S. Fish and Wildlife Service declaration form. For further information contact the USFWS wildlife inspector at 406-335-4350 or www.fws.gov.

- Questions concerning carcass transport may be directed to FWP Enforcement at 406-444-2452 or to your home state’s wildlife division.

Two-way Communication (CR)

Two-way electronic communication (radios, cell phones, text messages, etc.) may not be used to:

- hunt game animals, or
- avoid game checking stations or FWP enforcement personnel, or to facilitate unlawful activity.

The rule does not prohibit the possession or use of two-way communication for safety or other legitimate purposes.

Unmanned Aerial Vehicles UAV (CR)

It is unlawful for a person to use an UAV/drone for the purposes of concentrating, pursuing, driving, rallying, or stirring up any game animal. A UAV/drone may not be used to locate game animals for the purposes of; hunting those animals during the same hunting day after a UAV/

drone has been airborne, or providing information for another person for the purposes of hunting those animals within the same hunting day after the UAV/drone has been airborne. UAVs/drones are not allowed to film a hunt.

Waste of Game (MCA 87-6-205)

- Hunters, or persons in possession of a game animal or game animal parts, are prohibited from wasting or rendering unfit for human consumption, any part of a game animal that is defined as “suitable for food.”

- For game animals (excluding mountain lions), all of the four quarters above the hock, including loin and backstrap, are considered suitable for food.

Weapons Restriction Areas (CR)

Weapons restrictions are in effect in some hunting districts. Such restrictions are stated in the license/permit description and/or with a specific date range.

The following equipment restrictions apply to Weapons Restriction Area 14.

Archery

See lawful archery equipment in the “Law & Rules” section on page 22.

Crossbows

Lawful in weapons restriction areas unless exception noted in specific hunting district regulations.

Traditional Handguns

- are not capable of being shoulder mounted;
- have a barrel length of less than 10 ½ inches;
- chamber only a straight wall cartridge, not originally developed for rifles.

Traditional Muzzleloader

- must not be capable of being loaded from the breech of the barrel;
- may not be loaded with any pre-prepared paper or metallic cartridges;
- must be charged with black powder, pyrode, or an equivalent;
- must be ignited by a percussion, flintlock, matchlock, or wheellock mechanism;
- must be a minimum of .45 caliber;
- may have no more than two barrels;
- must only use plain lead projectiles;
- sabots or other similar power and range-enhancing manufactured loads that enclose the projectile from the rifling or bore of the firearm are prohibited. “Skirts” or gas checks on the base of a projectile are acceptable.

Shotgun

Must be shouldered, breech-loaded, or muzzle-loaded firearm with a smooth bore and/or rifled barrel and/or rifled choke device designed to fire shot or slugs.

GENERAL INFORMATION

Hunter Land Access

Hunters, it is your responsibility to know where you are, to know who owns the land, and to know what access restrictions apply.

Block Management

The Block Management Program is a public hunting access program in which FWP enters into contractual agreements with private landowners (and sometimes public land management agencies) about how free public hunting access will be permitted and managed on enrolled lands. Through the contractual agreement, a private landowner agrees to allow public hunting on enrolled lands under specified conditions, and FWP agrees to assist the landowner by enforcing the ranch rules adopted through the Block Management contract. FWP annually publishes a Hunting Access Guide by August 15 that lists the Block Management Areas (BMAs) enrolled for that year and explains how to gain access to them. For general information about the program, contact FWP at 406-444-2505.

Fishing Access Sites

Many of Montana's Fishing Access Sites (FAS) offer hunting opportunities, however certain restrictions may apply such as no-hunting safety zones and/or restrictions on the type of hunting weapon or firearm that may be used. Refer to the Fishing Access Site website at myfwp.mt.gov/fishMT/ for site specific information, opportunities and restrictions.

Montana State Parks

Some of Montana's State Parks provide hunting opportunities; however certain restrictions may apply such as no-hunting safety zones and/or restrictions on the type of hunting weapon or firearm that may be used. Contact the specific park and/or refer to the Montana State Park website at stateparks.mt.gov for site specific information regarding hunting opportunities and restrictions.

Private Land Access

Montana law requires permission for all hunting on private land. See above for information on FWP's Block Management Program.

Public Land Access

- Public lands closed to hunting include:
 - National Parks and other areas administered by the National Park Service.
 - National Wildlife Refuge lands except those areas designated open to public hunting.
- For hunting opportunities on federal lands such as U.S. Forest Service or U.S. Bureau of Land Management, inquire at the local federal office.

- It is unlawful to post, place signs or mark state or federal land other than that done by a state or federal land agency.

Railroad Access

Railroads and railroad right-of-ways are **private** property and may not be hunted without permission, nor should they be used as access to other lands (private or public) without explicit permission from the railroad.

Reservation Lands

Please contact the appropriate Tribal Government for information.

State Game Preserves

State Game Preserves may or may not be open to hunting. See Restricted Area Descriptions, see pages 18-20.

State School Trust Lands

- A Conservation License provides hunters, anglers and trappers access to lawfully accessible State School Trust lands.
- Overnight (2 night) camping is allowed within 200 feet of a lawful access point.
- Motorized travel is only allowed on public roads or on roads designated as open.
- Firearms may not be discharged within one-quarter mile of inhabited dwellings or outbuildings on state trust lands without permission of the inhabitant.
- Game retrieval is by foot or horse only.
- No open fires are allowed except in designated campground fire pits.
- Additional information is available from FWP or contact DNRC at (406) 444-2074.

Other State Lands

- Obtain permission from the appropriate land management agency.

State Wildlife Management Areas (WMA)

FWP's Wildlife Management Areas are generally open to hunting during the game animals hunting season. WMAs with game animal winter range are closed to public entry, unless otherwise posted, from the day following the end of the general deer-elk season or December 1, whichever is later, to noon on May 15 each year, as posted.

Exception: There are several exceptions to these guidelines. For WMA specific information, please call the Regional office (see page 42) for contact numbers) or visit the FWP website at: fwp.mt.gov/fishAndWildlife/wma/

Stream Access Law

The Stream Access Law does not allow for the hunting of game animals between the ordinary high water marks of streams and rivers without landowner permission.

Other Information

Donate Hunting License to Disabled Military Service Member or Veteran (MCA 87-2-815)

Residents and nonresidents can donate their Montana hunting license to a disabled military veteran or disabled active duty service member who is working with an organization that uses hunting as part of the rehabilitation process. The disabled person who receives the license will be a Purple Heart recipient and have a 70 percent or greater disability rating. Visit the website for more information: fwp.mt.gov/hunting/licenses/buyApply/donateLicense.html

Game Damage Hunt Roster Rules

- The game damage hunt roster is a randomized list of hunters' names. If FWP identifies a need to implement a game damage hunt, the game damage hunt roster will be used to select hunters. Selected hunters will be contacted by FWP.
- Sign up for the game damage hunt roster is from June 15–July 15, 2019, and only on the FWP website through MyFWP.

Harvest Survey

Montana FWP conducts an annual telephone survey to gather hunting and harvest information from Montana hunters. Telephone interviewers call mid-week evenings and weekends to speak to hunters one-on-one to get the most accurate information possible. Wildlife managers use the results to evaluate hunting seasons and set quotas, season dates and other regulations.

Hunters Against Hunger

When you purchase a Montana hunting license, you'll have an opportunity to make a donation of \$1 or more to Hunters Against Hunger. Contributions help pay for butchering and distribution of processed game donated to food banks.

Weed Control and Weed-Free Hay

Montana requires use of certified weed-free hay, grain, straw, mulch, cubes, and pelletized feed on state and federal lands. For further information, contact the Department of Agriculture at 406-444-3144.

Montana is Bear Country

Be Bear Aware!

Black bear hunters must be able to tell the difference between a grizzly and a black bear because grizzly bears cannot be lawfully hunted in Montana.

Three simple rules will help you make the right decision:

1. Learn how to identify bears.
2. Be absolutely sure of your target.
3. If in doubt, don't shoot.

Look for a combination of characteristics.

Their color and body size can be misleading!

Tall pointed ears No shoulder hump

Straight face profile

Short claws

BLACK BEAR

Short, rounded, ears Shoulder hump

Dished face profile

Long claws

GRIZZLY BEAR

Mandatory bear identification testing is required to purchase a black bear license. Check FWP's website:

Carry Bear Spray and Know How To Use It!

- Hunting puts you at risk of encountering a bear. Calling game and using scents may attract bears.
- If you hunt alone, let someone know about your plans. If you feel uneasy hunting alone, hunt with a partner.
- Pay attention to fresh bear sign. Communicate with others and let them know when bears have been seen and/or fresh sign observed.
- Some bears may move in the direction of a gunshot because they learned to associate the sound with a gut pile or carcass.
- The golden rule is "get the game animal out of the area as quickly as possible." The longer a carcass remains lying on the ground, hung up in camp, or stored in the back of a truck, the more likely it will be discovered by a bear.
- Carcasses left for a period of time require special care. Carry a colored, lightweight tarp or space blanket. Put the guts on the tarp and drag them a few hundred feet away from the carcass.
- Locate an observation point 200 yards (if possible) away from the carcass with a clear line of sight.
 - When returning, approach the observation point carefully. Yell or whistle repeatedly. With binoculars study the scene from the observation point and scan the area for the carcass and any movement. If a bear is at the site and refuses to leave or the meat has been covered up with debris by a bear, report the incident to FWP.
 - Do not attempt to frighten away or haze a bear, especially a grizzly.
- Bears are opportunists and change their behavior to take advantage of new food sources. Always assume that grizzlies are in the area and make sure your camps, cabins, and homes are bear proof, and that bear attractants are unavailable or contained.
- Mentally rehearse a worst-case scenario with encountering a bear. "If the mind has never been there before, the body does not know how to respond." The following is a list of recommended responses to minimize the likelihood of attack or chances of human injury:
 - Make certain you have bear spray at the ready and know how to use it. In sudden grizzly encounters, bear spray has proven effective. Bears sprayed in the face at close range often stop attacking.
 - Always maintain a safe distance from bears.
 - Stay calm.
 - Immediately pick up small children and stay in a group.
 - Behave in a non-threatening manner.
 - Speak softly.
 - Throw an object (like a hat or gloves) on the ground as you move away to distract the animal's attention.
 - Slowly back away, if possible. Keep a distance of at least 100 yards.
 - Do not run from a bear. Running may trigger a natural predator-prey attack response, and a bear can easily outrun the world's fastest human.
 - Don't climb a tree unless you are sure you can get at least 10' from the ground before the bear reaches you. Many experts recommend against climbing trees in most situations.
- Report encounters with Grizzly Bears to FWP at 1-800-TIP-MONT, U.S. Forest Service, or one of the nearest FWP bear management specialists listed below:
 - Kevin Frey, Bozeman, MT 406-994-3553
 - Mike Madel, Choteau, MT 406-466-5100
 - Wesley Sarmiento, Conrad, MT 406-450-1097
 - Tim Manley, Kalispell, MT 406-250-1265
 - Kim Annis, Libby, MT 406-293-4161 x207
 - James Jonkel, Missoula, MT 406-542-5508
 - In an actual emergency, phone 9-1-1. Seeing a grizzly is not necessarily a reportable encounter or an emergency. Report encounters where the bear displayed aggressive or defensive behavior toward people, livestock or pets.

Wolves and Game Animals

- Wolves eat deer, elk, and other game animals. In Montana, elk numbers in some areas have declined and so has hunter opportunity, due in part to wolf activity. Yet in other areas where wolves and elk interact, elk numbers are stable or increasing.
- When wolves are in an area, deer and elk use their habitats differently, often seeking greater cover. Hunters may need to adjust their strategies.
- FWP is increasing monitoring and research efforts to learn more about how wolves and game animals interact in different places, and what that means for hunters.

Montana Wolf Basics

- Pack territories can cover 200 square miles or more.
- Packs range from two to 14 animals, averaging about 6.
- Wolves often travel separately or in smaller groups.
- Wolves travel widely throughout their territory in the fall.
- Wolves travel on roads and trails regularly.

Hunters Can Help FWP Monitor Wolves

Information provided by hunters during the annual harvest survey will help in the management of wolves. Your information helps FWP know more about wolf numbers and distribution in Montana.

Moose • Bighorn Sheep • Mountain Goat Drawing Statistics

The statistics on this page are from the 2018 Drawings. The final license/permit quotas may differ from the quotas reflected in the 2019 printed regulations. The quotas listed in the printed regulations are the “proposed” quotas as adopted at the February F&W Commission meeting. The F&W Commission final-adopted quotas in July are based on winter and spring survey efforts and are the final quotas used to complete the actual drawing. These statistics reflect combined resident and nonresident first choice districts. These statistics do not reflect the use of bonus points or the nonresident limit of no more than 10% of the quota of licenses. For more detailed statistics on resident/nonresident numbers and district-specific bonus point information, visit our website at myfwp.mt.gov/fwpub/drawingStatistics

Key:

LPT = License/Permit Type. The first three digits most often represent the hunting district number.

Apps = Total number of resident and nonresident 1st-choice applicants.

Succ = Total number of resident and nonresident 1st-choice applicants that were successful.

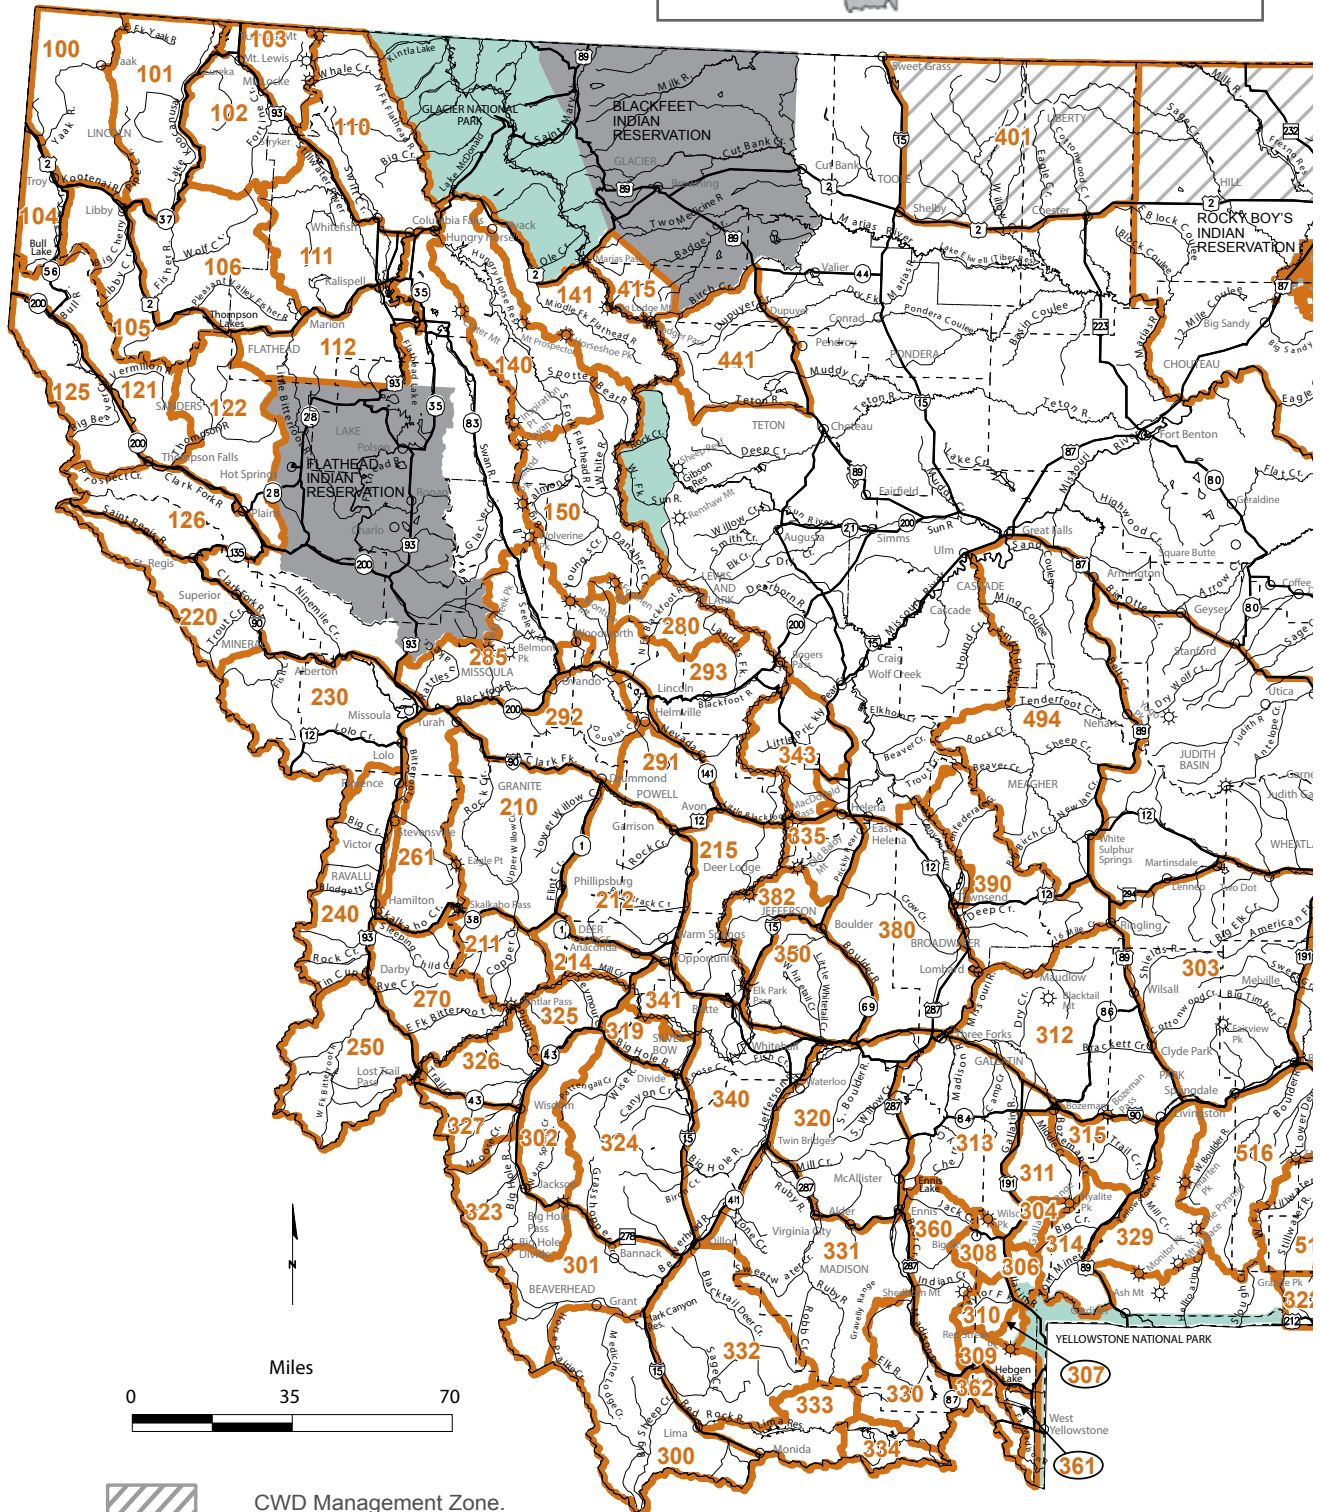

% Succ = Percentage of resident and nonresident 1st-choice applicants that were successful.

Moose Specific Information

Definitions

- Antlered Bull - any moose having an antler or antlers of at least four inches in length measured from the top of the skull.
- Antlerless - a female or juvenile male with an antler or antlers less than four inches in length measured from the top of the skull. FWP suggests hunters not take a moose with a calf at side.
- Either sex - any moose.

Licenses and General Information

- An applicant who receives a moose license is not eligible to apply for or receive another license for moose for the next succeeding 7 years (see 7 Year Wait chart).
- License holders may legally take one moose subject to all specifications on the license issued.
- Hunters harvesting a moose must leave evidence of sex naturally attached to the carcass.

SuperTag Lottery for Moose

- Resident and nonresident hunters can buy an unlimited number of \$5 chances to win a Montana hunting license for antelope, bighorn sheep, bison, deer, elk, moose, mountain goat and/or mountain lion.
- An individual may be successful in winning one or a combination of these SuperTags per year.
- Each SuperTag license allows one to hunt in any Montana hunting district valid for that species.
- The moose, bighorn sheep and mountain goat 7-year waiting period does not apply to SuperTags.
- Chances are sold electronically at all FWP License Providers or via the Internet.
- Proceeds from the sale of SuperTag chances will enhance public hunting access and boost FWP enforcement efforts.
- For more information visit FWP's website at:

fwp.mt.gov.

Moose License Auction

- Legislation authorizes the Fish & Wildlife Commission to provide for the auction of one moose license each year. This license authorizes the hunter to take an antlered bull moose in any open district of his/her choice. If this license holder is successful, the moose will not be counted against the district quota. License holders may hunt only in areas open to moose hunting.
- The auction is held annually during the winter by a conservation organization that is preselected by the F&W Commission.
- Money raised through the license auction is used for management of moose.

Moose HD Regulations

Residents are eligible to apply for any of the following licenses. Nonresidents are restricted to certain districts. Nonresidents are limited to, but not guaranteed 10 percent of a region's quota. **Districts where nonresidents may apply are listed on the moose, bighorn sheep and mountain goat nonresident application, but may change when final quotas are set in June.**

CLOSED TO HUNTING FOR GAME ANIMALS

Bighorn Sheep Specific Information

Definition

- Adult ewe - a female bighorn sheep - one year old or older. Lambs (young of year) are not included.
- Any ram - a male bighorn sheep - one year old or older
- Either sex - any sheep.
- Legal ram - see below.

Judging A "Legal Ram" 3/4 Curl

- When a straight line extending from the front base of the horn through any portion of the eye opening intercepts any portion of the horn, the ram is legal. If the horn is not long enough to be intercepted by the line, the ram is not legal.
- Base of the horn shall be considered as the point where the horn meets the hairline of the head. See illustration to the right.
- Determination of a legal ram should be made from a broadside view of the head.
- Successful applicants for bighorn sheep should contact the department if they need the Montana Guide to Bighorn Sheep.

- Licenses are nonrefundable, and a hunter may not change the selected hunting district even if a district closes before the hunter has participated in a hunt.
- An applicant who receives an unlimited legal ram license and harvests a legal ram is not eligible to receive or apply for another bighorn sheep license for the following seven years.
- Unlimited bighorn sheep hunting districts are assigned a harvest quota. Unlimited bighorn sheep license hunting districts will close on a 48-hour notice. When the quota is reached or approached, the bighorn sheep season in that district will close. Any ram harvested by a hunter will be counted against the quota.
- Current quota status may be obtained by calling the appropriate Fish, Wildlife & Parks Regional Headquarters during normal business hours or 1-800-385-7826 or 406-444-1989.
- The department makes an attempt, through news releases and back-country contacts, to inform hunters of bighorn sheep hunting district closures. However, it is the hunter's responsibility to be aware of season status.

Archery Season

The Archery Only Season is only for limited entry bighorn sheep hunting districts and will run prior to the start of any district's general bighorn sheep season opener. There is no Archery Only Season in CLOSED or unlimited entry districts. A Bow and Arrow (archery) License is required. See page 14 for a description of legal archery equipment.

SuperTag Lottery for Bighorn Sheep

- Resident and nonresident hunters can buy an unlimited number of \$5 chances to win a Montana hunting license for antelope, bighorn sheep, bison, deer, elk, moose, mountain goat and/or mountain lion.
- An individual may be successful in winning one or a combination of these SuperTags per year.
- Each SuperTag license allows the license holder to hunt in any Montana hunting district valid for that species.
- The moose, bighorn sheep and mountain goat 7-year waiting period does not apply to SuperTags.
- Chances are sold electronically at all FWP License Providers or via the Internet.
- Proceeds from the sale of SuperTag chances will enhance public hunting access and boost FWP enforcement efforts.
- For more information visit FWP's website at fwp.mt.gov.

Bighorn Sheep License Auction

- Legislation authorizes the F&W Commission to provide for the auction of one bighorn sheep license each year. This license authorizes the hunter to take a "legal" or greater ram in any open district of his/her choice. If this license holder is successful, the bighorn sheep will not be counted against the hunting district quota. License holders may only hunt in areas open to hunting (i.e., if an unlimited area closes due to reaching the quota, the license holder may not hunt in that area).
- The auction is held annually during the winter by a conservation organization that is preselected by the F&W Commission.
- Money raised through the bighorn sheep license auction is used for management of bighorn sheep.

Licenses & General Information

- License holders may legally take one bighorn sheep subject to all specifications on the license issued.
- It is unlawful to possess a bighorn sheep head/horn picked up in the wild.
- There are limited and unlimited bighorn sheep licenses:

- Limited Licenses - A limited bighorn sheep license is awarded only through the special drawing and is designed to limit the number of hunters in a specific hunting district(s). Hunters may apply for one limited license area only and it must be their first and only district choice, with the exception of an adult ewe which may be listed as a second district choice.

- An applicant who receives a limited either sex or legal ram license is not eligible to apply for or receive another either-sex or legal ram bighorn sheep license for the next succeeding seven years. (see 7 Year Wait chart regarding limited either sex or legal ram bighorn sheep licenses).

- An applicant who is successful in obtaining a limited ewe license (first or second choice) is not restricted to the seven-year waiting period.

- Unlimited Licenses - Unlimited bighorn sheep licenses have no limit on the number of licenses sold but there is a limit of one per hunter. These licenses may be available from License Providers, including FWP Online Licensing, or the hunter has the option of applying by the May 1 deadline through the drawing process.
- Unlimited bighorn sheep licenses are available in districts 300, 303, 500, 501, and 502.
- An unlimited bighorn sheep license purchased through the special drawing must be listed as your first and only district choice.
- Unlimited bighorn sheep license districts have harvest quotas and can close a few days after the opening date.

Bighorn Sheep Mandatory Reporting and Checking Requirements

- A hunter harvesting a bighorn ram must personally present the complete head and cape intact within 48-hours to any Fish, Wildlife & Parks office, game warden, or designated employee. In the Missouri Breaks (Region 6 and HD 482), and in unlimited districts the harvested sheep must be presented in the administrative

region where the bighorn ram was taken. See page 42 for FWP office phone numbers.

- A hunter harvesting a bighorn sheep with a license valid for a "legal ram" must not alter the head and horns so as to affect determination of legality.
- Bighorn ram horns greater than one-half curl must be plugged or pinned at any Fish, Wildlife & Parks office within 10 days after harvest. A listing of designated personnel and phone numbers will be provided to all bighorn sheep license holders.

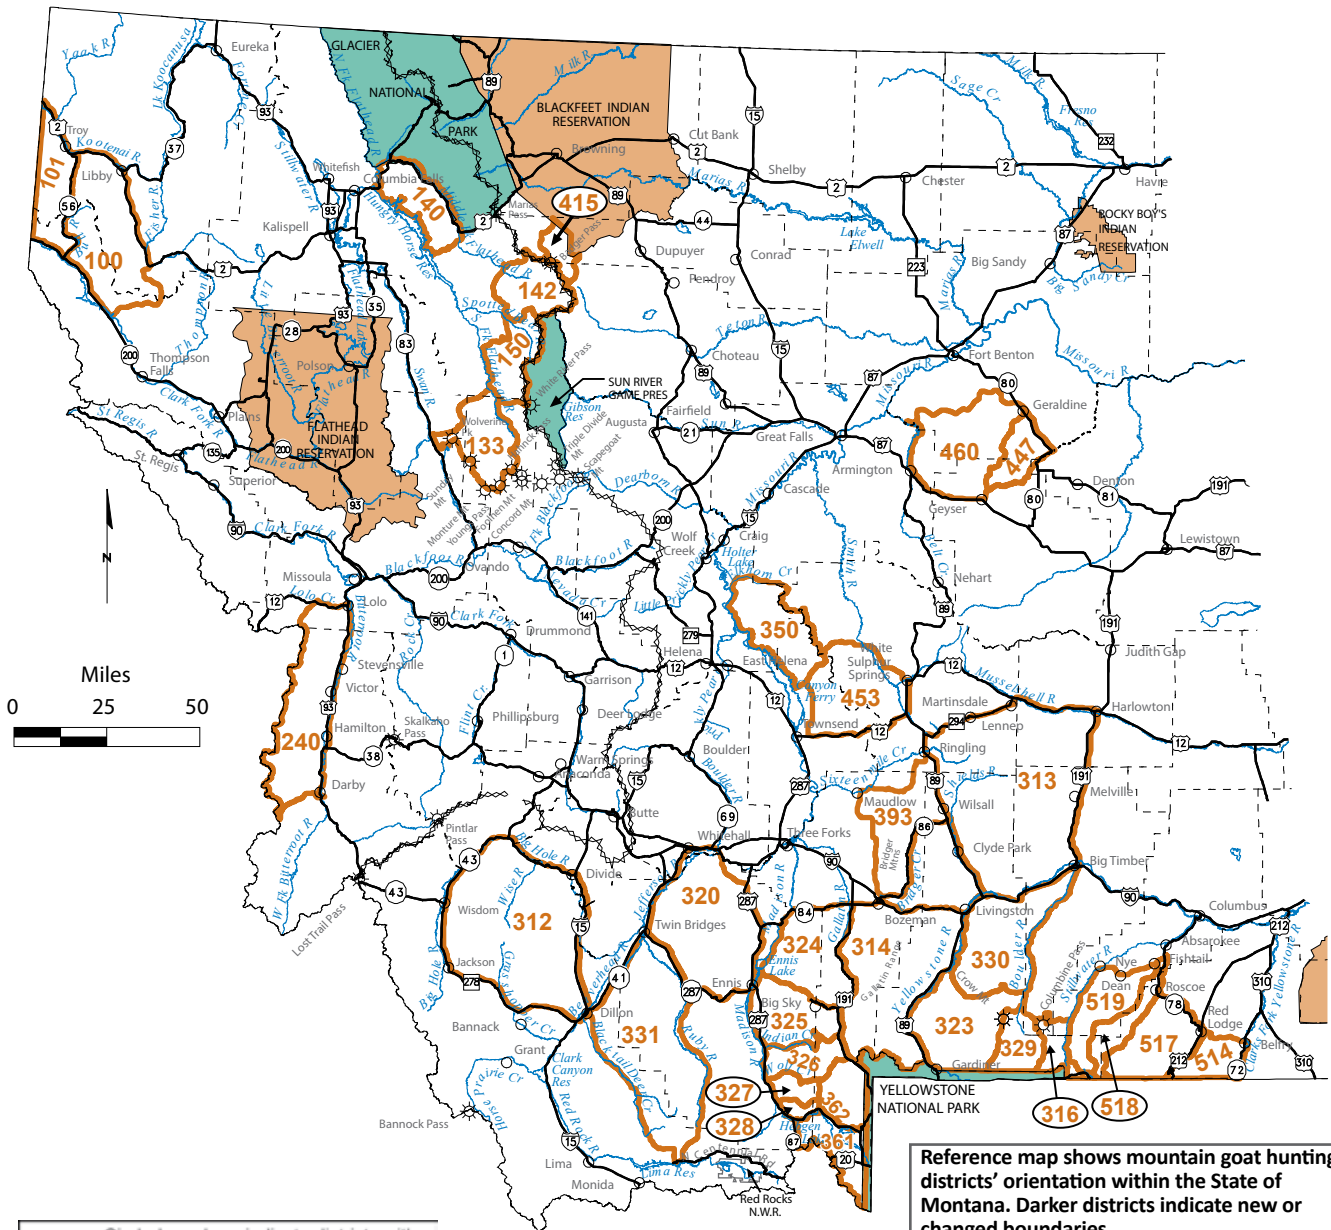

Bighorn Sheep HD Regulations

Residents are eligible to apply for any of the following licenses. Nonresidents are restricted to certain districts. Nonresidents are limited to, but not guaranteed 10 percent of a region's quota. **Districts where nonresidents may apply are listed on the moose, bighorn sheep and mountain goat nonresident application, but may change when final quotas are set in June.**

Mountain Goat License Auction

- Legislation authorizes the Fish & Wildlife Commission to provide for the auction of one mountain goat license each year. This license authorizes the hunter to take an either-sex mountain goat in any district of his/her choice. If this license holder is successful, the mountain goat will not be counted against the district quota. License holders may hunt only in areas open to mountain goat hunting.
- The auction is held annually during the winter by a conservation organization that is preselected by the F&W Commission.
- Money raised through the license auction is used for management of mountain goat.

Mountain Goat Mandatory Reporting Requirements

A hunter harvesting a mountain goat must present the complete head with horns attached or the top portion of the skull with horns attached to a department official within 10 days of the date of kill. See page 42 for FWP office phone numbers.

Mountain Goat HD Regulations

Residents are eligible to apply for any of the following licenses. Nonresidents are restricted to certain districts. Nonresidents are limited to, but not guaranteed 10 percent of a region's quota. **Districts where nonresidents may apply are listed on the moose, bighorn sheep and mountain goat nonresident application, but may change when final quotas are set in July.**

Respect the wildlife you harvest.

One of the most common violations that occur each year is waste of game. This violation is also one of the easiest to avoid:

- ▶ Process your game as soon as possible
- ▶ Use all meat "suitable for food"
(see definition of "Waste of Game" in these regulations)
- ▶ Don't hang your game in places where it can be scavenged by dogs, birds and other animals
- ▶ Meat may be donated. For details, contact your local FWP regional office
- ▶ Dumping carcasses on public lands and roadways can be considered littering. Please discard remains appropriately

If you suspect a violation, please contact us at 1-800-TIP-MONT (1-800-847-6668). Violations can also be reported online at:

fwp.mt.gov/enforcement/tipmont/
Callers can remain anonymous and could be eligible for a cash reward up to \$1000.

2019-2020 Sunrise-Sunset Tables For Determining Hunting Hours

These tables, including adjustments for daylight savings time, are the official sunrise-sunset tables adopted by the Montana Fish & Wildlife Commission for hunting in Montana. Authorized hunting hours for the taking of moose, bighorn sheep or mountain goat begin one-half hour before sunrise and end one-half hour after sunset each day of the hunting season. (Do not use other sources).
